RE: Genesee County Health Department Adult and Teen Clinic

Due to the impending October 1st cut to the Genesee County Health Department (GCHD) budget, the GCHD will be unable to continue the Sexually Transmitted Disease (STD) services at the level previously maintained through the GCHD Adult and Teen Clinic. Starting October 1, 2010 the GCHD will begin offering limited STD services to Genesee County residents. These services will include education, testing, and treatment for gonorrhea, chlamydia, trichomonas, and syphilis, as well as rapid testing for HIV.

To maximize the number of clients the GCHD is able to serve separate clinics will be held for men and women. Women may be seen at the GCHD Women's Health Services located at the Burton Branch of the Health Department. Appointments may be scheduled by calling (810) 237-4538. Male services will be offered twice weekly, once at the Health Department location at the McCree Courts and Human Services building and once at the Burton Branch. Men may schedule an appointment by calling (810) 257-3440. Additional HIV testing will be available for both men and women at the GCHD Burton Branch from 8:00 am to 11:00 am on the first three Tuesdays of each month. Appointments may be scheduled by calling (810) 237-4538.

HIV testing is free of charge. Other STD services will be provided on a sliding fee basis. Clients are asked to please bring proof of income. All insurances will be billed for STD services so clients should bring insurance information.

For more information, times, and locations of these clinics please see the GCHD website at www.gchd.us .
